Note on additional benefits during pregnancy — When an Enrollee is pregnant, we will pay for additional services to help improve the oral health of the Enrollee during the pregnancy. The additional services each 12 month period while the Enrollee is covered under the Contract include: one additional oral evaluation and either one additional prophylaxis or one periodontal scaling/root planing procedure. Written confirmation of the pregnancy must be provided by the Enrollee or her Provider when the claim is submitted.

Dentegra EPB network — Exclusive Provider Network in which dental benefits must be obtained from an EPB Network Provider for your group.

Out-of-network exemption — If an Enrollee resides or works more than 20 miles from an EPB Network Provider for your Group, the Enrollee may be treated by a Non-Network Provider. In such cases, Benefits will be provided for dental services performed by a Non-Network Provider if such services are listed as covered in the Benefit Highlights. Covered services will be processed in accordance with the terms of this Contract including Limitations and Exclusions (see Evidence of Coverage). Enrollees are responsible for the applicable Enrollee Copayments and balance billing for any amounts over the EPB Network Contracted Fees for the services provided. Dentegra will reimburse the Non-Network Provider the EPB Network Contracted Fee minus the Enrollee Copayment for covered services.

Procedures not shown are not covered. If a condition can be treated by more than one procedure only the least costly professionally adequate service will be covered.
